SUPERIOR COURT CLERK

COURT NOTICE/ORDER/RULING

STATE OF ARIZONA,
Plaintiff,

vs.

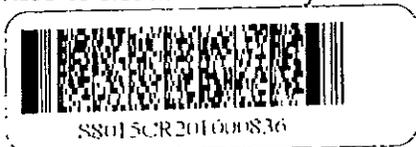

CASSLYNN MAE WELCH,
Defendant.

No. CR-2010-00821

No. CR-2010-00836

Counsel for the Defendant has filed a Request for Pre-Sentence Report indicating that the Defendant has a sentencing hearing set for January 14, 2014, at 9:00 a.m. The correct year is probably 2015. The Court assumes that the date identified is her sentencing date in New Mexico. This Court has not set a sentencing date and has not yet ordered a presentence report. The motion indicates that the State has no opposition to the preparation of a presentence report, although having that done before the Defendant is returned to Mohave County will be difficult to accomplish. The Court is advised informally by the State that the Defendant is now available to be transported back to Mohave County but no Order to Transport has been signed. It would seem that the Court needs to order the Defendant transported from New Mexico, set a sentencing date and order a presentence report. It is unclear whether the Defendant will be transported back to Mohave County pursuant to some prior Order or whether this Court needs to sign a new Order to accomplish that.

IT IS ORDERED directing either party desiring the transport of the Defendant from New Mexico to Mohave County and assuming that it will not happen automatically to present to the

Court for its signature the Order to Transport, following which it will consider setting a Judgment and Sentencing date and ordering the preparation of a presentence report.
